**Responses to 1♥**

| 1NT | 12-15 HCP, balanced, game-forcing, a 5card ♠ suit is possible |

| 3♥ | forcing raise, usually 5-card fit. A new suit by opener shows 5 cards |
| 3NT 4♠(♣) | Transfer splinter 4+ controls |

**Responses to 1♦**

| 1♥ | 0-10 HCP, any distribution |
| 2♣ (♣) | natural or initiation to a strong Canapé or 12-15 balanced game-forcing except direct suit rebid or raise of partner’s long suit |
| 2♥ | natural, 11+ 5card suit |
| 2♦ | 8-11 HCP, constructive (!) raise |
| 2NT | 16+, balanced |
| 3x | Solid or semi-solid suit, game-forcing. By passed hand it shows shortage and spade fit |
| 3♠ | forcing raise, usually 5-card fit. A new suit by opener shows 5 cards |
| 3NT 4♠(♣) | Transfer splinter 4+ controls |
Continuation after 1♦ / 1♥ / 1♠ openings

A new suit after a forcing jump raise shows the Canapé suit. There is no 4th suit forcing. A
new suit by responder is the Canapé suit. A 2NT rebid by opener after a 1♥ or 1♠ opening
shows a 5332 distribution with 19 – 21 HCP.

A 2NT rebid by responder is game-forcing and asks partner to describe his hand further. A
raise of opener’s long suit is invitational. A jump in a new suit is a Cuebid promising fit for
opener’s first suit. A jump in his first suit is a fit jump with fit in opener’s major.

If opener was forced to show his Canapé suit on the 3-level, a raise of opener’s first suit is
artificial and asks for a stopper in the 4th suit or the unbid major.
For example after 1♠ - 2♦ - 3♠ - 3♦ asks for a heart stopper, same after 1♥/♠ - 2♣/♥ - 3♣/♥

Bidding after intervention over 1♦ / 1♥ / 1♠

After double, pass is negative (0-4) with 4-card support, redouble positive, balanced without
fit, 2NT positive with fit, raises show 7-9 HCP and 4-card or 5-card support on 2 or 3-level
respectively.

After a simple overcall 2 of a major (with or without jump) is non-forcing. Raises are
competitive; jump raises pre-emptive, 1NT shows 8-11 points and promise a stopper, 2NT
positive with fit.

A double is negative (8+) but does not imply any special shape. A Cuebid in the overcalled
suit after a negative double is game forcing. A “non-forcing major” after a negative double is
forcing! (e.g. 1♦-1♠-X-p-2♠- p-2♥)

After a reopening double by opener the cheapest bid is ambivalent: either natural or pass or
correct.

Other responses are basically as without intervention.

Continuation after 5-Askings

If opener has shown a fit, a new suit is 6-Asking (keine, K, A, AK or AD – shortage not possible).
If opener did deny a fit, a new suit by responder is natural.
**Intervention of 2♣**

Double is Gladiator, all other responses as without intervention

**Intervention of 2♦**

2♦ shows ♦ or ♠ and another suit

**Interventions w/o anchor suit or higher then 2♣**

**Continuation after 2♣ opening**

2♣, 2♥ or 2♠ to play, but 2♠ promises 9+ HCP

2NT relay: opener bids suit immediately below his singleton with three-suiter (singleton asks number of 2-1 controls: 0-3, 4, 5) or 3NT with strong one-suited hand.

A 3-level response shows a 6-card suit, non-forcing if suit corresponds with partner’s singleton. Opener passes with singleton or bids his singleton or 3NT with strong one-suited hand.

Double after intervention is negative double, a new suit forcing one round.

| 3♣/♦ | Natural, forcing |
| 3♥   | Pre-empt in partner’s major (3NT three-suited with singleton ♠, …) |
| 4♠   | Asks partner to transfer into his major |
| 4♥   | Asks partner to bid his major |
| 4♥(♦) | Own suit, to play |

Bidding opener’s singleton asks for number of 2-1 controls (5, 6, 7, …)

Double after intervention on the 2-level is a negative double, over higher interventions indicates the desire to double the opponents. 3♥ Pass-or-correct, redouble by opener shows the three-suiter.

**Continuation after 2♥ / 2♠ opening**

2♠ natural, forcing 1 round.

2NT relay. Same development as after 1♠ - 1♦ - 2♠ - 2♣ - 2♥ (♦) – 2NT

3♠ to play. Raises are preemptive.

1 the next denomination, i.e. 2♥ over 2♠, 2♠ over 2♥, 2NT over 2♠
6. Asking bids

**α-Asking**

Control-asking: no control, singleton, King, Ace, void, AK
The appropriate steps are omitted when responder must not have a shortage
Reapplied asking in same denomination: no control, doubleton, Queen

α-Askings appear after β-Asking, after γ-Asking, after δ-Asking, after Blackwood, after 2♥ (♠) by jumping into a new suit and after simple and jump raises following an opening of 1♦, 1♥ and 1♠ by jump shifts into a new suit

A new suit is again β-Asking (2NT is β-Asking in response suit). If the first response was Txx or better, a new suit is α-Asking. Bidding a game contract is natural and to play.

After intervention Pass indicates an answer below the suit bid (double asks again), double replaces the answer in the suit bid, else as without intervention.

**β-Asking**

γ-Asking appear after 1♣ - 1♥ (♠) - 3♥ (♣), 1♣ - 2♠ - 3♦
